

NATIONAL ACADEMY OF ENGINEERING

The 3rd annual National Academy of Engineering
Engineering for You (E4U3)
video contest titled

MEGA-ENGINEERING!

Most of humankind's biggest endeavors are mega engineering projects that provide solutions to problems that span disciplines, geographies, and cultural boundaries.

We are looking for 1 to 2 minute videos that

- (i) introduce real or imagined mega-engineering projects,
- (ii) highlight their contributions to people and society, and
- (iii) feature the engineering contributions in their developments.

The Grand Prize of **\$25,000** will go to the most inspiring 1-2 minute video.

We hope that you will participate in the contest
and encourage those in your communities to enter as well!

The E4U3 video contest is open for video submissions during
March 1, 2016 to May 31, 2016.

Visit www.e4uvideocontest.org to learn more!

For any additional questions, please email E4Uvideocontest@nae.edu.

The video contest is sponsored by ExxonMobil.
